Quick Reference Guide

## MANAGE MAILBOX HINTS

Select a greeting for your mailbox: You may record seven different greetings that may be selected at any time or choose to use the pre-recorded system greeting. Check your greeting frequently to ensure your information is accurate.

Name (and extension) recording is used for directory information, system greeting, and user identification.

Change your security code on a regular basis.

Record a List Comment to identify/name the list.

**On/Off Options:** Each time that you press a key with an On/Off option, the feature turns On or Off.
